

# Verifying License Coverage

## The Annual Copyright License for Businesses

If your organization has an Annual Copyright License and you want to share or distribute copyrighted content, simply check the Copyright Clearance Center license repertory to find out if the publication and type of use is covered under your license.

Here's how to verify coverage under your Annual Copyright License:

1. **Go to the Copyright Clearance Center homepage at [www.copyright.com](http://www.copyright.com) and search for a publication in the "Get Permission" field.**
  - a) Enter the Publication Title or Standard Number (ISBN/ISSN) of the publication you wish to use.
  - b) Click the "Go" button.

The screenshot shows the Copyright Clearance Center homepage. At the top, there is a navigation bar with links for GET PERMISSION, PRODUCTS & SOLUTIONS, PARTNERS, EDUCATION, and ABOUT US. Below this is a secondary navigation bar with links for Welcome, Log In, Cart, Manage Account, Help, and Live Help. The main content area is divided into three sections: a 'NEW TO CCC?' section on the left with a video player and links to learn about licensing solutions, copyright, and registration; a central 'Get Permission' section with a search input field containing the word 'Circulation' and a 'GO' button, with a red arrow pointing to the button; and a 'QUICK LINKS' section on the right with links to Verify Coverage, Copyright Education, RightsCentral, Manage Your Account, and Pay an Invoice.

## 2. Verify license coverage:

In the search results, the most frequently requested publications are displayed first. Annual Copyright License coverage is shown to the right of the search results. Your search results may include special terms from the copyright holder. Click the "TERMS" link to view any special terms associated with the publication.

**Note:** Copyright.com supplies permissions but not the copyrighted content itself.

## Additional Search Tips

- Be sure to search by publication title, not article title. For example, if you wish to use an article from the journal *Circulation*, search for 'Circulation.'
- You can also search by publisher or author. If you search by publisher, the current copyright holder (rightsholder) is also searched. All publications with a matching publisher name or matching copyright holder are included in the search results.
- Searching by Standard Number (ISBN/ISSN) is the easiest way to get an exact match for the publication you are looking for.
- Searches are not case sensitive.
